## THINGS TO KNOW BEFORE USING THIS DIRECTORY

Please be sure to verify which logo is on your insurance card, Encore, Encircle or both logos.

Encore Health Network has five networks:

- **Encore PPO Network**

The **Encore PPO Network** is one of Indiana's largest leased PPO networks with access primarily in Indiana and the contiguous states. Understanding the importance of provider choice to our Indiana market, the **Encore PPO Network** provides the most expansive access. **When searching for providers, members must look for Encore PPO as a product under the provider's name.**

- **Encircle EPO Network**

Understanding the importance of controlling medical costs, Encore has designed the **Encircle EPO Network** to address those costs. With 60 plus hospitals and over 21,000 provider locations, Encircle is designed specifically to deliver maximum savings for our payors, employers and members in exchange for a smaller quality-based network. **When searching for providers, members must look for Encircle EPO as a product under the provider's name.**

- **Encircle/Encore Combined Network**

The **Encircle/Encore Combined Network** offers the best of both worlds: deep savings through Encircle and comprehensive network access through Encore. **When searching for providers, members should use an Encircle provider first to get the deepest discount and highest benefit reimbursement from your healthcare payor. However, the member can use any provider in the Encore PPO Network, but may received reduced benefit reimbursement from their healthcare payor.**

- **Encore Workers' Compensation PPO**

As a Preferred Provider Organization (PPO) work comp network, Encore's focus is to give our members access to the finest healthcare providers, facilities, and services available.

No one chooses to be injured on the job. When unforeseen accidents happen, Encore is there, every day, to meet the healthcare needs of Hoosiers throughout the state ensuring members have access to an extensive network of high quality, cost-effective health-care providers. We understand the importance of offering a full spectrum of providers to our members, employers, and payers. Encore's workers compensation PPO offers employees injured on the job, comfort knowing there is a team of dedicated healthcare professionals taking care of them. Employers have the peace of mind knowing that returning their greatest asset, their employees, back to health and work is the goal through high quality, cost-effective care.

- **OneCare™ Network**

OneCare™ is a partnership between Encore Health Network and Deaconess Health System to address the changing needs of the Evansville market and as well as nationally moving to a value based product vs. fee-for-service. The OneCare™ Network is an clinically integrated accountable care based health benefits product that improves patient experience, community health and affordability. This EPO network provides members with exclusive access to the best commercial pricing available within the market in conjunction with high quality care from providers.

**PLEASE NOTE: Some physicians provide services from several office locations. They may participate in Encore at one location, and not at another location. Always verify the provider's network status before visiting the doctor for medical care either by using the directory, [www.encoreconnect.com](http://www.encoreconnect.com) or contacting our Customer Service department at (888) 446-5844.**

## THINGS TO REMEMBER

Please remember to present the most current copy of your member identification card to the provider each time you have an appointment. If you have questions about which hospitals, physicians or ancillary services are in the Encore Health Network, please call member services at 888-446-5844 or visit us online at [www.encoreconnect.com](http://www.encoreconnect.com) where you can search a complete directory of healthcare providers. **For questions about your benefits, call your employer or the benefits/eligibility telephone number listed on your member identification card.**

### WHEN YOU SEEK SERVICES, ASK:

1. Is the provider part of the Encore Health Network PPO or Encircle EPO?
2. Are the lab, x-ray or other ancillary services being performed by a facility that participates in Encore Health Network PPO or Encircle EPO?
3. Does the anesthesiologist participate in Encore or Encircle?

*If your provider is not listed in this directory, ask if they are part of Encore Health Network PPO or Encircle EPO. If not, fill out a Physician Nomination Form at the back of this directory and fax it to us. We will contact the provider within 7 days to see if they are interested in participating in the Encore Health Network, and if so, it may take a few days or weeks before the provider is effective in the Encore network.*

**PLEASE NOTE:** To provide patients with timely access to care, some doctors may not be accepting new patients. If you have a question about whether a doctor is accepting new patients, please contact his or her office directly.

## POINTS TO CONSIDER BEFORE YOU CHOOSE A PROVIDER

1. The level of reimbursement for your health care benefits will/may be higher when an Encircle or Encore provider is used. Through access to this network, your employer or insurance company offers a benefit plan, which provides higher level of benefits if you use health care providers participating in the Encore or Encircle networks.
2. Choosing a doctor also means choosing a hospital. To maximize savings and avoid inconvenience, always check to make sure your physician has admitting privileges at the hospital you wish to use for inpatient hospitalization. ***Note for Encircle/Encore Members: Encircle/Encore members receive a higher level of reimbursement for health care benefits when an Encircle hospital is used. If you want to utilize an Encircle hospital, be sure your physician has admitting privileges to that hospital.***
3. Don't overlook convenience. Your doctor's office should be located near your home or workplace -- whichever is more convenient for you. It's also a good idea to call or visit the doctor's office and talk to the doctor's staff before making a choice. Ask them a few questions such as: "How long does it take to get an appointment?" "Who will I see if my primary care physician is temporarily unavailable?" "Do you offer early morning, evening or weekend hours?" Encore providers are listed in this directory according to city and state.
4. To provide patients with timely access to care, some doctors may not be accepting new patients. If you have a question about whether a doctor is accepting new patients, please contact his or her office directly.

## HOW TO GET CARE OUTSIDE THE ENCORE PROVIDER NETWORK

Through access to this network, your employer or insurance company offers a benefit plan, which provides higher level of benefits if you use health care providers participating in the Encore network. Additionally, Encore providers agree to accept certain fee arrangements that result in savings over their standard charge rates. This gives members the chance to save in two ways.

If health care services are received from a health care professional or hospitals that are not participating in Encore, the level of reimbursement will be reduced.

## ASSESSING EMERGENCY CARE/URGENT CARE

For questions on emergency and urgent care, contact your insurance company or your employer's benefit plan's office. You can call the eligibility and benefit telephone number on the back of your insurance card.

## COMPLEMENTARY ENCORE HEALTH NETWORK PROGRAMS

Because you are an Encore Health Network member, you and your family have access to three unique discount programs: [Vision \(VSP\) and Hearing Discount Programs \(EPIC\)](#), are available to members and extended family at no additional cost.
